If you've been considering plastic surgery for a while, chances are you have already heard of Dr. David E. Berman. After all, not only has he been in practice in Sterling for over 14 years, but he became internationally famous in the 1990s for successfully reattaching John Bobbit's "missing part."

Very experienced in cosmetic surgery, he combines his wealth of knowledge, surgical judgment, technical expertise and ethics in order to achieve each patient's goal of maintaining, restoring or enhancing their current appearance. Yet stunning results are not the only reason patients recommend Dr. Berman to others. He is also applauded by patients as they experience quick recovery times and minimal pain following surgery.

Highly sought after for body surgeries such as breast

augmentations, abdominoplasty (tummy tucks) and liposuction. Dr. Berman is one of the few plastic surgeons on the east coast offering the new and improved more powerful second generation of SmartLipo MPX™. What's more, as its name implies, the Berman Cosmetic Surgery and Skin Care Center also features a plethora of non-surgical solutions for achieving beautiful skin. That's everything from Botox®, Restylane®, laser hair removal, megapeels and microdermabrasion to permanent cosmetics, treatment for spider veins, Thermage® and Dr. Berman's private label, medical-grade skin care line: Berman Beauty M.D.
